One Week
One Winner

JUDGING

In order to receive points for the challenges your team has completed, ALL CHALLENGES MUST BE ON VIDEO AND CLEARLY SEEN ON VIDEO. At the end of the week all challenges must be made into 3 or 4 compilations [or however much you need] and send it to "SteveCarnaghi" [yes that's the number "Five" then "tevecarnaghi"] ALL Footage/Montages are due by midnight June 9. Please make these videos private and keep your points private. There is a "best montage award" so you can make a montage up to 4 minutes long, compiled of all your best moments of the week and have that open to the public. Unlike last year every team's score will be announced even if you place last. If you want to be safe and I recommend your team to do this... Add up all your own points at the end of the week. If I announce the wrong amount of points at the end for your team then you can contact me if there is any problems.

NO ONE IS RESPONSIBLE FOR YOUR ACTIONS EXCEPT YOURSELF.
PLEASE KNOW YOUR LIMITS AND THINK SAFE.
YOU ARE NOT FORCED TO COMPLETE ALL CHALLENGES.
COMPLETE WHAT YOU CAN.

TEAMS

8 to a team including the filmer. Even if the filmer does not skate he/she still counts in the 8.

All teams must have a final list of the entire team submitted before the starting date or before they can receive their challenge list.

FILMING

Filming quality does not matter as long as the challenge is clearly seen on the video. All though a montage must be created to show all your challenges completed. Montages must be put up on Youtube or Vimeo.

VIDEO SUBMISSION

You will most likely have enough footage to make 3 to 4 compilations [maybe more!]. Please make a raw edit [including all your best footage] of just the challenges you have completed with those 3 to 4 compilations. Put them on vimeo or youtube and make them private and send the links to "SteveCarnaghi."
